On the Franchises Asked for by Street Railway Companies.

THE JOINT COUNCIL COMMITTEE

On Railroads, Streets, Alleys and Railroads Falls to Pick a Winner Last Night. Merits of the Propositions Discussed in Executive Session—Objections to Tracks on Sixteenth and South Streets—Committee Met in the Afternoon and Recommended Other Petitions.

The council committees on railroads, and streets, alleys and grades met jointly yesterday afternoon and last night. In the afternoon session the committee considered petitions from the Terminal railroad, and Wheeling Butchers' Association, and at night, the franchises asked for by the Wheeling & Elm Grove, Suburban Electric, and Wheeling Railway Companies.

The business of the afternoon was disposed of without much delay, and the committee recommended favorably to council the petition of the Terminal railroad for right of way of its tracks from Twenty-ninth street to Twenty-seventh, so far as the city's permission goes. The company wants to extend its tracks from Caldwell's run, at the stone company's yard, to Twenty-seventh and Main streets, its object being to reach the yards of the Belmont mill. An option has been secured on the house at Twenty-seventh and Main, and the right of way was asked from the city. Some of the ground to be covered by the Terminal belongs to the Baltimore & Ohio, but that portion belonging to the city was recommended to be granted to the Terminal by the committee.

The Wheeling Butchers' Association wanted the privilege of laying a switch from its plant at Sixteenth and McCulloch streets to the Baltimore & Ohio tracks. As stated, the committee passed favorably on this petition.

Previous to inspecting the ground asked for by the Terminal people, the committee met at the Terminal depot at 2:30 o'clock, and was hailed over the road to Twenty-ninth street. In company with the committee was General Manager J. E. Taussig, Engineer Schroll and Attorney W. P. Hubbard, of the Terminal railroad. Mayor Butts and J. E. Taussig, of the Terminal railroad, were present. The committee met at 8 o'clock, in the first branch council chamber, Chairman Connelly presiding. There was a good attendance, and the members of the committee, and behind the railing were many railway magnates, and objectors to the granting of the Wheeling & Elm Grove railroad's petition, for an extension of its tracks, and for right to lay a double track along Sixteenth street.

Among those present were Anton Reymann, Paul O. Reymann and H. M. Russell, of the Wheeling & Elm Grove railroad; General Manager Wright and Secretary Shirley and J. E. Erskine, Wheeling Railway Company; Hon. N. E. Whitaker, E. Hix and J. B. Somerville, Suburban Electric Railway; Joseph Speidel, Allan Brook, B. F. Caldwell and John Waterhouse, representing South street business men, and Col. George B. Caldwell, representing Sixteenth street residents.

The complaint of the South street merchants was first heard. Mr. Joseph Speidel spoke against the Wheeling & Elm Grove tracks being laid along South street. All the space the street now affords is limited and in view of the growth of business Wheeling, South street wholesalers objected to the railroad. Mr. B. F. Caldwell, representing Caldwell & Peterson, stated that there is but a small space between Caldwell & Peterson's and the Waterhouse building. A railroad would monopolize this space and hinder shipping, and the new line being a passenger carrier, would not benefit wholesalers.

Mr. John Waterhouse said South street in front of his property, was inadequate for shipping, and they needed all the room they could get. The new line would delay shippers and cripple business.

Mr. Allan Brook objected to section five of the ordinance, which gave the railroad such a preemptory right of way on its tracks. Col. George B. Caldwell, for the Sixteenth street residents, objected to the double track along Sixteenth street, and especially to the standard gauge and T. rail, proposed by the Wheeling & Elm Grove Railway Company.

Clerk O'Brien then read the Wheeling & Elm Grove ordinance, granting to the company to construct and maintain additional tracks on certain of the streets of Wheeling. The details of the ordinance have already been printed. An amendment to the original copy was accepted. The amendment provided that the company would give to the city one per cent of its gross earnings, in proportion to its mileage within the city limits. The original section read that the company would give twenty-five per cent of its receipts after a six per cent dividend had been received by the stockholders.

The Suburban Electric Railway Company's ordinance next came up. This company asked for the right of way on many of the streets asked for by the Elm Grove. There were no objections to it, and its reading was followed by taking up the ordinance of the Wheeling Railway Company. Acting on the suggestion of Mr. Erskine considerable time was saved by reading only the sections wherein this ordinance differed from the others.

The Wheeling company's application was then read before the committee for the first time. The application has been previously published. In it the company submits a co-operative plan, by which other companies may use its tracks under certain conditions. There were no objections offered to this company's ordinance, and after Chairman Connelly called for objections there was some silence. Discussion hung fire for awhile, everybody seemingly afraid to break the ice.

Mayor Butts arose as a starter and protested against Sixteenth street being laid with more tracks. He thought it had sufficient already. The next voices to break the silence came from the Fifth ward. Mr. McFadden wanted to adjourn. Mr. Nesbitt wanted to go into executive session. The latter's forces carried the day. Then the council chamber was cleared of all outside the pale of the committee, though Chairman "Ben" Connelly wanted the public to participate.

The railroad magnates, lawyers and citizens in general were forced to retire, and "Tom" O'Brien barred the doors against possible intrusion. There was some kicking against the action of the committee in shutting out the public, but business was probably expedited by such action. The councilmen felt freer to discuss the phases of their perplexing problem behind closed doors, and could do so without getting entangled into the whys and wherefores of the propositions before them. One member favored the stand taken by the committee, thus: "If we'd let everybody take a hand in, those lawyers would have got into a wrangle that would have kept us here until daylight, and even then it would have taken X-rays to discover where we were at."

The executive session lasted until nearly 11 o'clock, when adjournment was taken until next Monday evening, for final action and recommendation to council.

No definite action was taken regarding any of the franchises. The chief discussion hinged upon the effects of a railroad on South street, and the claims of the

business men on that street were given careful consideration.

There was a comprehensive debate on the merits of all the propositions made and the various interests involved received attention. The committee had no desire for haste in the matter, and the absence of Messrs. McFadden and Knoke was one reason for postponement of a decision until Monday evening.

AT WHEELING PARK.

The O'Kabe Imperial Japanese Troupe Next Week.

As usual the Wheeling Park management has provided a superb series of entertainments for its patrons this season. On Monday evening the season will open with the appearance of the O'Kabe Imperial Japanese troupe, which comes for a week's engagement. The performance given consists of those of the emperor of Japan lead all the world. The series of exhibitions in juggling, slack wire walking, and acrobatic tricks will take place every evening beginning at 8:15 at the beautiful Park Casino and at matinee Wednesday and Saturday at 2:30 o'clock. In speaking of this company of clever Japs, the exchange says:

"The troupe of Japs who are showing at the Bradley are receiving the very highest praise. They are really remarkable. Their feats of juggling, slack wire walking and the like have never been equalled in this city. The matinee this afternoon was well patronized and the house will beyond doubt be crowded to-night."

The prices for the engagement are remarkably low, 15 cents for adults and 10 cents for children, between 8 and 14 years. A special motor will be run at 7:30 each evening.

Wheeling Park.

Besides the regular concert by the Opera House band at Wheeling Park to-morrow the Japanese troupe, which begin a week's engagement at the Casino next Monday evening, will give an introductory performance free of charge. The Park is now in the height of its glory in foliage and flowers.

Mozart May Fest.

The Mozart Singing Society will celebrate its annual May Fest at Mozart park, Monday, May 31. The best musical talent in the city will assist the society. The Beethoven singing society, and Martin's Ferry Männerchor will also participate. There will be a street parade preliminary to the picnic, lead by the Opera House band. The details of the affair will have been completed in a few days by the committee in charge, but the affair will be up to the standard of the Mozart's past functions, and the society's chorus work will be unexceptionally good.

In Clerk Robertson's Office.

Yesterday in Clerk Robertson's office a marriage license was issued to Henry Unwin, aged 25 years, a native of England, resident of Brooklyn, N. Y., and Carrie Belle Deits, aged 25 years, of Wheeling.

These deeds were recorded: Deed, made May 12, 1897, by Annie L. McClatchey to J. W. Carlsbauer; consideration \$500; transferring lot 7 in division "A" of Henderson's subdivision to Wheeling.

Deed, made May 12, 1897, by Wheeling Park Association to Otto Tyson; consideration \$150; transferring lots 14, 15, 16 and 17 in Park division to addition to Wheeling Park, Ohio county.

MOTHER AND SON.

Both Sorely Afflicted, but Relief Is Found in Dr. Williams' Pink Pills for Pale People.

The Call has known the Byers family of Talbot, Ind., for a long time, and J. W. Byers is one those deliberate men who say little, but read and observe much. Mr. Byers has been suffering for the past three years with grip and kindred troubles. His mother has ever been a sufferer, resulting later in the most aggravating form of rheumatism. Some time ago Mr. Byers was persuaded by a neighbor to try Dr. Williams' Pink Pills. It didn't take long to set Mr. Byers to talking about this remedy, and the Call sent a special representative to his home to ascertain the exact facts. So many queer stories and unreliable testimonies are published of medicines and their marvellous cures that this journal was not at all credulous. If the Pink Pills had done the work the fact should be published, and if not no imposition should be tolerated. The subjoined sworn statement of Mr. Byers is sufficient. It tells the facts simply and briefly:

"I know positively that I was cured by Dr. Williams' Pink Pills. I was persuaded by one of my neighbors, Maxen Williams, to try them, as he claimed to have been cured by these pills. I had the grip three times, and was taken down with rheumatism, and did not expect to live. The doctors said I would never get well. They advised me to take a change of climate. I was reduced from one hundred and thirty-five to one hundred and five pounds, and would have simply faded away had I not begun using the Pink Pills. As soon as I began taking the Dr. Williams' Pink Pills I began to gain strength and the use of my limbs was restored. I had been almost helpless for two years, the stiffness in my limbs had been painful in the extreme. But with the use of the pills the pain ceased and now I am as limber and as active as when a boy."

"I was also troubled a great deal with my kidneys, but the ailment has entirely disappeared. I have been a subject for the doctors for a long time. Two reputable physicians had treated me for months, and I had spent a large amount of money for other patent medicines, but of no avail. As I said, I finally took Dr. Williams' Pink Pills for Pale People and here I am well. I believe that is the most wonderful remedy ever made. I need not extol this remedy for all my neighbors know what my condition was and what cured me. They will all tell you that it was Dr. Williams' Pink Pills."

My mother, who is seventy years old, was also troubled with rheumatism and could scarcely move. She was very wakeful at night and had no appetite. She took five boxes of Dr. Williams' Pink Pills and now she is in perfect health, and does all her own work on a farm.

Artist Rhees' Best Work.

For some days crowds have blocked the way on Market street in front of the windows of Nichol's art store, attracted by the magnificent oil portrait of a Cuban Independence. The treatment of the subject is very bold, and the canvas stamps the artist, Mr. Morgan J. Rhees, as one of the most faithful portrait painters in the country. The picture is a study in oils, and is striking in its coloring and technique, the flesh tints being marvellously natural.

LAST NIGHT'S RECITAL

At the Opera House One of the Most Pleading of the Season.

A cultured audience, delighted and charmed, listened last evening to one of the most enjoyable recitals at the Opera House given in a long time. The only regret was the meagerness of the attendance, the usual flow at a musical entertainment only being present.

Mr. C. E. Seeböck, Pianist.

Mr. Seeböck has been heard, and Musical Wheeling lends its voice in proclaiming him the artistic exponent of all the music he selects—music that is really exquisite in coloring and charming to hear, and which would be delightful to any sized audience, no matter what its component parts would be. As a composer he is fascinating, the tone pictures being perfect.

Mr. Edward Blumenberg was at his best, and both gentlemen deserved the hearty applause and encores demanded, and to Mrs. A. C. Whitaker, Mr. Seeböck and Mr. Blumenberg Musical Wheeling is indebted for an evening of genuine pleasure.

Mr. Seeböck will be assured of a more than cordial welcome should he honor Wheeling again as he did last evening by his delightful performances.

DEPT. OF INTERIOR.

Chief Donoghue Also Benefited by Paine's Celery Compound.

WASHINGTON, May 14.—In all the departments at Washington Paine's celery compound has become the office expression for an ideal invigorator when one is "run down" by overwork, confining duties, or any of the many causes that result in ill health.

Here is what a prominent official in the department of the interior says of Paine's celery compound:

Department of the Interior, General Land Office.

It affords me much pleasure to state that Paine's celery compound has been to me an excellent spring remedy, and particularly beneficial to the nervous system and digestive organs. I cordially commend its use.

M. F. DONOGHUE, Chief of Concessions Division.

Among the thousands of voluntary letters of acknowledgment for benefit derived from Paine's celery compound, there have already been published in the Washington papers testimonials from men representing every department of the national government—not only from many of the best known congressmen, but from the hosts of hard-working clerks unknown outside of their immediate circle of friends. Some of those who have voluntarily indorsed Paine's celery compound are:

Congressman Powers of Vermont. Congressman Merdith of Virginia. Congressman Bell of Colorado. Congressman Nell of Arkansas. Congressman Wilber of New York. Congressman Grout of Vermont. Congressman Otis of Virginia.

Paine's celery compound builds up the "run down" health in a sure, unobtrusive, steadfast fashion from which there can be no relapse. It wipes out unhealthy humors from the blood, opens up the skin and makes it do its full share in purifying the blood. The cleansing the blood through and through in one of the unfailing accomplishments of Paine's celery compound.

From a life-long contact with the many forms of nervous debility and impure blood, Prof. Edward E. Phelps, M. D., LL.D., of the Dartmouth medical school, was led to the discovery of Paine's celery compound as the crowning achievement of an extraordinary active and successful professional life.

No acceptable substitute for Paine's celery compound exists. Each year further accumulates evidence of the unequal capacity of this greatest of all known remedies for restoring health and vigor.

Now that spring has come, nerves, blood and vital organs cannot remain clogged by poisonous humors nor starved by overwork and lack of sleep without great risk. Paine's celery compound is the most intelligent. Wise men anyone can employ for driving out disease and restoring a healthy tone to the entire system.
